That's a good point, I wasn't sure if you meant Area 2 as well?

Thanks for the heads up Garret. Just to be clear, are you discussing the hydrodynamic model for Area 4?

Hi Jim and Paul –

We think it would be a good idea for our modeling leads to discuss expectations and approaches with your modeling leads. We were thinking that a conference call to start followed by a face to face meeting. This approach worked well with the SWAC Working Groups. Please let me know your

thoughts.

Have a great weekend!

Garret.
